

## Give Your Dollars a Bigger Chance

More value now than ever before in Hart Schaffner and Marx Clothes. 25 per cent off on all Spring and Summer Suits.

Our stock is always larger than our needs; that's to give you a wide range of selection.

Because we want to get ready to start even next fall, we'll make these liberal price concessions to you if you'll take away these good things that are left—every garment new this spring.

Really it's a far bigger thing for you than it is for us; that's the way it ought to be; it comes as a sort of an appreciation of the confidence you've had in us.

This is the last week to get this liberal reduction, so if you are going to need a suit anyways soon don't overlook buying today. Lots of this seasons choicest patterns are still in line. Most of these suits are three-piece suits, coat vest and pants, full lined and plenty heavy for early fall wear.

All Edwin Clapp and Florsheim Ox-fords at COST.

Lots of people are taking advantage of these genuine reductions. Why don't you?

Dr. W. O. Patton has moved his office to rooms 2 and 4, Amarillo National Life Building.

### DISTRICT MEDICAL SOCIETY MEETS TODAY

Many Physicians Are Arriving For Opening Session—Large Attendance Expected

The semi-annual meeting of the Panhandle District Medical Society will convene at the city hall in this city this morning at 9 o'clock and will remain in session throughout today and tomorrow.

Physicians from outside points began to arrive last evening and many more are expected on the morning trains today from all parts of the Panhandle and beyond. It is believed that some fifty physicians, or more, will be in attendance during the sessions. All physicians in the Panhandle whether members of the Society or not, have been invited to attend and take part in the exercises.

Likewise any citizen who may be interested in any of the discussions is invited to attend as often as he likes and he will be made welcome. Extra chairs will be provided for the accommodation of all.

The program for the various sessions, all of which will be held in the city hall, is as follows:

Cleanest and best place to eat. Try The Limit. 415 Taylor.

### FARMERS' SHORT COURSE BEING WELL ADVERTISED

About Twenty Instructors Chosen—Many of State and National Prominence.

Secretary P. E. Boesen, of the Amarillo Board of City Development has been very busy in working up the Panhandle Farmers' Institute and Short Course and in looking after other matters pertaining to the development of this community and the Panhandle.

Letters have been sent out to Panhandle newspapers asking their cooperation in the movement to bring a school of instruction for farmers here where it will be accessible to all the farmers of the Panhandle.

There is a branch of the State Institute and Short Course, and has the approval and support of the State, as well as the National Agricultural Department. The dates for this institute and agricultural schools are August 27, 28 and 29, about five weeks from now.

Neither expense nor effort has been spared in securing some of the best agricultural instructors of the country for this occasion—men who are scientific and practical farmers. Farming in all its phases and under all conditions has been the life study of these men.

It is hoped that a very large attendance of stockmen and farmers will be present to profit by these lectures which will be of the same high order of those delivered in other state institutes of the country and which will be especially applicable to this soil and climate.

All railroads have announced low rates for the occasion, and the item of expense to the farmer will be reduced to the minimum. The lectures will be free to the farmers and it will be the first time they have ever had such an important series of lectures brought within their reach.

Among the prominent speakers who are expected for this occasion are George Bishop, Western Editor, Oklahoma Farm Journal, Cordell, Oklahoma; Dr. H. E. Horton, American Steel and Wire Company, Chicago, Ill.; J. E. Herman, U. S. Department of Agriculture, Olathe, Kan.

Dr. J. F. Ross, U. S. Department of Agriculture, Amarillo, Texas; J. S. Benton, County Adviser for Potter and nearby counties; C. M. Evans, Superintendent Extension Department A & M College, College Station, Texas; H. M. Cottrell, Agricultural Commissioner Rock Island Ry. Co., Chicago, Ill.; T. P. Metcalf, U. S. Department of Animal Industry, Amarillo, Texas; S. C. Crompton, Agricultural Department, Santa Fe Ry., Amarillo, Texas; C. French, Fort Worth Stock Yards; R. K. Blom, Alfalfa Expert, Rocky Ford, Colorado; S. W. Black, President Panhandle State School of Agriculture, Goodwell, Okla.; Dr. C. A. Hazard, Amarillo; E. H. Grimes, Farmer, White Deer, Carl Williams, Editor Oklahoma Farmer-Stockman, Oklahoma City; P. C. Boesen, Secretary Amarillo Board of City Development; Charles E. Boke, U. S. Department of Agriculture, Bureau of Farm Management, Oklahoma City; L. L. Johnson, Assistant Agricultural Demonstrator Santa Fe System, Amarillo; H. M. Baitner, Agricultural Demonstrator Santa Fe, Amarillo; J. W. Nell, Texas Department of Agriculture, Austin.

These and doubtless several others of more than statewide prominence will be here for the institute and no progressive farmer in the Panhandle can afford to miss it.

The fact that a large per cent of these men are in the employ of the United States government or the State of Texas or hold other important positions because of their special fitness in these lines is sufficient guarantee that this agricultural school will be of unusual importance.

Write to the secretary of the Amarillo Board of City Development for a complete program.

FIRE DESTROYS APPROACH TO BRIDGE NEAR VERNON

The trestle approaching the Fort Worth & Denver bridge across the Peace River north of Vernon was burned about noon yesterday.

Full details of the accident were not known here last night, but it is supposed that the trestle had been on fire by sparks from a passenger engine. It was thought that it would be as late as this morning and possibly this afternoon before a temporary structure could be completed for enough to permit the passing of trains.

Meanwhile it was stated here that passengers would either be transferred at the bridge or detoured a distance of some eighty miles, possible by way of Altus, Okla.

The southbound train was held at Amarillo last night till 9:10 before it proceeded.

PRECINCT CONVENTIONS WILL BE HELD SATURDAY

County chairman Marvin Jones states that each precinct in the county will hold a convention at the respective voting places next Saturday afternoon at 2 o'clock, when the precinct chairmen for the coming year will be elected and also delegates to the county convention, which will be held the following Saturday.

Picnic at Cliffside.

Misses Willie Mitchell, Wenna Brown, Tommie Foster and Edna Garrett and Messrs. H. B. Stork, E. E. Simmons, A. L. Jeffrey and Edward Wauson constituted a party of young people who were kodaking at Cliffside Sunday afternoon.

Has Your Child Worms?

Most children do. A Cooled, Furred Tongue, Strong Breath, Stomach Pains, Cries under Eyes, Pale, Salivary Complexion, Nervous, Frequent Grinding of Teeth, Tossing in Sleep, Peculiar Dreams—any one of these indicate Child has Worms. Get a box of Kikapoo Worm Killer at once. It kills the Worms—the cause of your child's condition. Is Laxative and aids Nature to expel the Worms. Supplied in candy form. Easy for children to take. 25c. at your druggist.

(Adv.)

### EVERYBODY INVITED ON BIG TRADE EXCURSION

All Interested Should Phone to Secretary Board of City Development.

Owing to the fact that the committee to secure passengers on the Trades Excursion next week got a rather late start, a number of people have been inquiring as to who was expected to go. The committee states that every merchant, retail or wholesale, every professional man and everybody that has two dollars and ninety cents is expected to go.

Arrangements have been made to secure a good band which will furnish music both enroute and at all the stations where stops are made. It will be impossible for anybody to charge to see every person in town so if you want to help the cause along telephone your name in to the secretary of the City Development Board or to one of the committee, sending your check for two dollars and ninety cents. This will very much aid the work from present appearances there will be fully a hundred people in the crowd and possibly a hundred and twenty-five. From letters which are coming in from towns which are to be visited a good time will be shown the excursionists.

BRIDGE PROGRESSING ACROSS CANADIAN RIVER

Work is progressing nicely on the temporary bridge across the Canadian River, north of Amarillo. Five bents have been driven now and it is believed that within ten days the bridge will be ready for use. The temporary structure is being erected to connect with that portion of the bridge which was left at the time of the washout, and this temporary structure will be used in the construction of the permanent bridge.

Fortunately no part of the temporary structure that was being erected when the last rise came was lost.

DELINQUENT TAX LISTS FOR CITY OF AMARILLO

The delinquent tax lists of the City of Amarillo, showing the delinquent taxes due the city for the years 1899 to 1913, inclusive, have been published, and they show that an immense amount of money due the city is outstanding. Persons who may choose to be in arrears with the city will do well to investigate.

Build a Concrete Silo with a ten years guarantee. See L. P. Hearn at Brazelton-Pryor Co.

Dr. E. A. Johnston has moved his office to rooms 2 and 4 Puckett building adjoining telephone building.
